

> Sand Spreader, BSL 200-650/tractor

06-06

The BSL Flexi is a robust, stable sand and salt spreader offering a range of advantages. It's self-loading and loads even more efficiently with the optional extension collar. Hot-dip galvanization ensures long service life. It's powered by wheels or hydraulically – both powerful, reliable methods. A feed lever controls the volume of material, with very even spreading regardless of volume.

- Standard features:**
- > Mixer grinds frozen chunks and prevents compaction.
- Accessories:**
- > Three-point mount – indicate vehicle make and model.
  - > Extension collar.
